Take Steps  
Department of  
J. W. McDonald, Former  
Pawnbroker, Released in  
Embezzlement Charge

The echo of two criminal cases that stirred the city more than a year ago was clearly heard in Municipal Court Saturday, when J. W. McDonald, a former pawnbroker, appeared to answer charges of embezzlement in the "gem" case.

McDonald was arrested two years ago and charged with the embezzlement of \$10,000 worth of jewelry. According to the charges, he had taken the jewelry from a pawnshop and used it to obtain more money from the same source.

McDonald was released on bail and has since been living in the city. He is now being charged with the same crime again.

The new charges against McDonald were filed by the Municipal Court. The charges are based on the fact that McDonald had taken the jewelry from the pawnshop and used it to obtain more money from the same source.

Twenty-four Lawyers Banned  
from Practicing in Tax  
Returns Disputes

WASHINGTON, March 29.—A three-year investigation of practices of attorneys before the Treasury Department, especially in tax cases, culminated today in an announcement by Secretary Mellon that during that time twenty-four lawyers had been denied the privilege of further practicing before the department and that fifteen others had been suspended pending inquiry.

In addition the secretary ordered that employees found guilty of any improper activities in connection with such cases should be dismissed from the service.

Some of the lawyers have been censured for some time. Secretary Mellon said, but his investigation will be continued to make sure that no improper methods are used in handling tax cases.

Charges of collusion between lawyers and Bureau of Internal Revenue employees were made recently by Senator Glass, Democrat, Virginia, a former Secretary of the Treasury.

Among the cases cited today was that concerning Luis J. Obergh of Washington, D. C., in which it was asserted that he had accepted a bribe to pay to a person in the income-tax unit. Some of those listed were former employees of the bureau, who, it was said, had retired to take tax cases.

The disbanded attorneys and the charges against them include: H. A. Farrell and Theodore J. Richmond of Passaic, N. J., practicing with deputy collectors to refer taxpayers to them on commission; Ernest A. Stewart, Los Angeles, obtaining money under false pretenses from clients in a tax case; and William W. Johnson, Dallas, entering into agreements with persons to collect and pay taxes.

George W. Rehn, Baltimore, obtaining money by fraudulent practices in the case of the irrigation district of the Imperial Valley through their attorney, Harry Horton, to oust W. O. Blair of California from the directorate.

The rebuff is filed as part of the suit of J. H. McKim, A. O. Dolson, H. M. McCall and W. R. Moore against the Imperial Valley Irrigation District and its board of directors, asserting that certain resolutions passed by the directors in December, 1924, changing the boundary lines of the district divisions were illegal.

The complaint filed in the case also charges that the election in February, 1925, in which the new board of directors was elected, was illegal and contends that Blair was never legally elected to the office of director of the district.

Although the Superior Court decided the case in March of last year in favor of the plaintiffs' finding that the election was illegal, Blair was not removed from his office and his seat as a director.

A hearing on the motion filed by Attorney Horton to set aside the election of Blair was held on April 1, in addition to Horton, Phillip Steery and Ault and Anderson are counsel for the plaintiffs.

# BEAR RAID HITS PEAK Stocks Dumped on Market

Securities of 250 Issues  
Drop Many Points to  
New Low Level

NEW YORK, March 29.—Stocks of all grades and descriptions were thrown for sale on the New York Stock Exchange today in a seemingly never-ending stream with the result that prices were carried down 1 to 30 points. The selling movement was one of the most extensive since the current downswing began a month ago; of the 436 individual issues traded in, 320 were hammered to new low levels for the year, and sixty others duplicated their previous minimum quotations.

Except for the calling of about \$25,000,000 additional in bank loans, which sent the call-money rate from 4 to 5 per cent, and is not unusual around the end of the month, there was nothing in the day's news to account for the decline, the recent selling is of the type described by Wall Street as "panic selling." It also is a continuation of recent freight-car loadings, bank clearings, savings bank deposits and other favorable indications of business. They admit that earlier expectations have not been altogether fulfilled, and that many industries are operating on a relatively small margin of profit, but call attention to the fact that there has been no inflation in the money market, and that the low cash reserves relatively high and commercial bank loans small, with plenty of funds available for all legitimate business needs.

The reaction today brought the general level of industrial stocks down to the lowest point since the first of last September, indicating that the reaction this month has wiped out all the gains of the preceding six months. Scores of issues now are selling 20 to 100 points below the high levels established earlier this year.

Leading bankers generally insist that fundamental business conditions are sound, pointing to the continuation of recent freight-car loadings, bank clearings, savings bank deposits and other favorable indications of business. They admit that earlier expectations have not been altogether fulfilled, and that many industries are operating on a relatively small margin of profit, but call attention to the fact that there has been no inflation in the money market, and that the low cash reserves relatively high and commercial bank loans small, with plenty of funds available for all legitimate business needs.

For twenty minutes the conversation continued. Mr. Oswald, who designed and built the Rugsby radio telephone station for the British postal service, telling his father-in-law of the success of the venture.

The message, broadcast from Rugsby, was picked up in Chicago by telephone to New York, and thence to Chicago. It was reported to be the first time a telephone conversation had been carried on between Europe and Chicago, although such communication has been established with cities on the Atlantic coast.

# OLD FACTS COW WETS Borah Shows Up "Referendum"

WASHINGTON, March 29.—Senator Borah, Republican, Idaho, came crashing into Senator Edges' prohibition referendum resolution this afternoon with the result that in three minutes he made it seem a mockery as hollow as a donkey's back.

"The American people will never get the intoxicants that some of them think they want by putting around this unconstitutional amendment to our modifications of the National Prohibition Act, commonly called the Volstead Act," he declared.

"The Constitution of the United States stands between them and any modifications of the Volstead Act that would give them intoxicants. Any claim that such modifications would give them what they seek is unconstitutional, and so is unconstitutional. I know of no way that we can legislate for intoxicants so long as the Constitution remains as it is."

He then declared that he was going to go through the motions of legislating for nonintoxicants on the pretense that they are intoxicants, and that the Constitution forbids.

In a single sentence, if there is going to be any change in the prohibition policy, program or legislation, there must first be a change in the Constitution.

Such a change, he said, is a mockery of the Eighteenth Amendment to the Constitution, the Senator declared, and that the amendment is unconstitutional. He then declared that he was going to go through the motions of legislating for nonintoxicants on the pretense that they are intoxicants, and that the Constitution forbids.

PARIS, March 29.—The fate of Premier Aristide Briand's ninth cabinet will be decided in the Chamber of Deputies tomorrow, when, prodded by Finance Minister Raoul Peret's ultimatum that funds to balance the budget must be voted on by midnight Wednesday, the temperamental body is expected to pronounce on the disputed turnover tax.

Refusing the responsibility of sending another government down the chutes, the Finance Committee of the Chamber of Deputies today shrugged its shoulders and passed the Finance Minister's projected increase in the important tax amending it to apply to wholesalers and middlemen only, and exempting the retailers. The commission lined up fifteen for and ten against.

## TOWN TURNING UPSIDE DOWN

(BY CABLE—EXCLUSIVE DISPATCH)  
BERLIN, March 29.—Not a single house in the entire town of Oshana, Saxony, remains perpendicular because of the gradual sinking of the earth in the section. It is believed new subterranean streams are undermining the entire region and that it is only a matter of time until all the buildings must be abandoned. Entire blocks have dropped about ten feet, the cellars immediately filling with water. Other buildings are five feet out of plumb, making them resemble miniature Pisa towers.

with the Socialists and a number of Radical Socialists voting thumbs down. This is a bad omen for tomorrow's crucial vote, for it is stated authoritatively tonight that all the Socialists and a number of Radical Socialists in the Chamber will cast their ballots against the measure.

INSISTS ON MEASURE  
Although M. Peret has shown a certain desire for conciliation in agreeing to other taxes to supplant the turnover tax, he has clung firmly to this measure, insisting it is the only tax that will bring prompt returns, since the machinery for its collection already is functioning. As it now stands in the project to be submitted to the Chamber for the increase tomorrow, the turnover tax is calculated to yield \$44,628,000. It is a temporary measure, applicable only during the next nine months. It is the major item of the government's projected "budget" or head tax yielding \$26,250,000, and various minor imposts supplying the remainder of the deficit of \$87,100,000.

Election pledges of the Socialists and radical Socialists, however, still stand, as before, in the way of the realization of the measure that will bring a certain amount of order out of chaos by at least balancing the budget. The government's weakness was revealed in a Chamber debate today on the request for emergency funds to sustain state functions during April, when Paul Painlevé's demand for credits to carry on operations in Syria were reduced by 1,000,000 francs on the motion of a Socialist Deputy, Baron, who has just returned from a first-hand investigation of the Syrian trouble, and who asserted that he thought it would be a good idea to hand over the Syrian mandate to Premier Mussolini of Italy. His motion was voted by a majority of three, the poll standing 268 to 265. It is considered a slap in the face for the government.

CREDITS CUT.  
In order to prevent a repetition of this sort of thing in the discussion over the Communist motion to cut the Moroccan credits by another symbolic million francs, Premier Briand marched into the tribune and pleaded with the Deputies not to tie his hands at a moment when peace was just over the horizon. He said he had good reason to think the trouble was almost over, and defended the much-criticized French refusal to consider peace offers. The War Minister's demand for \$1,598,000 passed unopposed.

The afternoon's debates, how-

ever, embroiled M. Painlevé with the Deputies from the Right and much bad feeling was expressed, which is sure to result in the loss of a number of precious votes needed by the government to pass the turnover tax tomorrow.

The situation is rendered more serious by indications that a large part of the moderates will abstain from voting.

GUISE NEXT  
PRETENDER  
TO CROWN  
Death of Duke of Orleans  
Places Him at Head of  
Royal French Family

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, March 29.—The death of the Duke of Orleans, pretender to the throne of France, at Palermo on Sunday, although causing scarcely a ripple in official circles, brought forth lengthy eulogies of the pretender by royalist leaders.

The succession to the head of the French royal family automatically goes to the Duke of Guise, whose further residence in France is made impossible unless he renounces his claim to the throne. The royalist leaders say there is no reason to suppose that the Duke of Guise will give up his claims to the crown. According to them, he expects that he will remain abroad after the funeral.

Government officials were little disturbed by the duke's death. They take it for granted that the Duke of Guise will assume all the prerogatives of the head of the royal family, renounce all his important interests in France and reside permanently abroad.

VETERANS USED  
AS FRAUD RUSEMethods Employed in Fake  
Drives RevealedMillions Go Into Pockets of  
Fund PromotersTwo Mop Women Sentenced  
for Their Activity

(BY A. P. MONT WIRE)  
NEW YORK, March 29.—Raising funds for disabled and needy World War veterans is one of the most profitable projects of the fake charity promoter, the New York Evening Post says today in an article of a series of fraudulent charity drives.

The armistice had scarcely been signed when the "battalions of bunk" began an offensive against kind-hearted stockholders and housewives that netted millions of dollars. Funds were organized for shell-shocked veterans, gassed and tubercular soldiers, cripples in need of crutches, and blinded soldiers deserving mountain homes.

Commissioner Coker of the Department of Public Welfare said yesterday several million dollars fraudulently have been raised in New York City since 1918 by organizations purporting to aid ex-soldiers, but actually hiding the proceeds away in secret bank accounts.

FRAUD REVEALED  
Many of the solicitors for fake charities are men who assert that they are veterans. But even this is not always necessary for success.

Two mop women, wearing of scrubbing floors, decided to organize the "Ex-Servicemen's Aid." Their equipment consisted of several borrowed neighbors' children and copies of a small pamphlet, "The Flag—How to Respect and How to Display It."

The women were arrested for soliciting funds without a license, and when they admitted that the money was to go only to their own support, they were sentenced to ninety days in jail.

MEETING DUE  
Representative Hamilton Fish, Jr., of New York, told the Post of the action of the Postoffice Department in denying the use of the mails to the National Disabled Soldiers' League when it learned part of the contributions were converted to "improper and personal gain."

The money given for the relief of sick and disabled soldiers was misappropriated, he said, "and only 1 cent out of each dollar reached a worthy destination."

Collapses Twice

During His Trial

(EXCLUSIVE DISPATCH)  
VANCOUVER (B. C.) March 29.—Benito Pasquale, charged with the murder of Nurse Anne Rodde, collapsed twice during the first eighty minutes of his trial in the Assize court. Both times the judge ordered him removed from the courtroom.

Pasquale crumpled up first when Nurse Jessica Barton, who had saved Anne Rodde's life, and stopped the flow of blood after the accused had slashed her with a razor, took the stand. He was brought back after an examination by doctors and twenty minutes later again slid to the floor. Examined again, doctors said his collapse was due to fright, but he was able to understand all that was going on.

Pasquale a former patient at the hospital, is asserted to have entered the ward where Nurse Rodde was, and before the eyes of scores of visitors in the early evening, grabbed the girl from behind and slashed her throat from ear to ear. She died the next day. The trial is proceeding.

Arrests Upset I. W. W. Effort for Walk-out

(EXCLUSIVE DISPATCH)  
TREKA, March 29.—An attempt by radical agitators of the Industrial Workers of the World to cause labor trouble on the Black Butte cut-off being constructed by the Southern Pacific Company was frustrated today with the arrest of Mark Hurley, George Ellsworth and C. S. Smith. It is proposed to charge the men with violating the Criminal Syndicalism Act.

The three were arrested at Camp No. 4 following a meeting at which they are asserted to have tried to induce the workers to walk out. The arrests are the first indication of industrial trouble of the World activity in Blakely since the flurry at the power-house construction on the Upper Klamath River by the California-Oregon Power Company in the fall of 1930.

WALNUTS BURNED IN BUILDING AT DENVER

DENVER, March 29.—Heat for the Federal Building the other day was supplied by thirteen tons of English walnuts, seized by the pure food and drug inspection division of the Department of Agriculture from a Denver store at Christmas. The nuts contained a host of worms. Destruction was ordered in federal court after a hearing in which the nuts were found guilty of being wormy. Acting United States Marshal Harry McIntyre decided that the annihilation of the worms would be most surely brought about in the Federal Building furnace—a procedure which saved the government some money in fuel, also.

## HANDSOME COLLAR-AD YOUTH HAS EDGE ON MISS WILLS'S AFFECTIONS, SAY GOSSIPERS

(BY CABLE-EXCLUSIVE DISPATCH)

ROME, March 29.—Has Helen Wills found a sweetheart and future husband? This question is being keenly discussed over the tea-cups in Rome's cosmopolitan society circles following the American champion's arrival here. Although Helen blushing denies any intimations that she is going to get married, Dame Rumor points out the following facts:

Fred Moody of San Francisco, handsome Arrow Collar-ad young man with an immense fortune, who has admired Helen since their childhood days around the Golden Gate, has showed up at Rome from the Riviera as Helen's devoted escort again. The flashing proved to be a cavalier at the Monte Carlo gambling rooms and romantic spots along the Riviera from Mentone to Cannes. When Helen announced her intention of proceeding to Rome, Fred went ahead.

## ROME SEES HELEN WILLS

American Net Champion Impresses Gathering of Tennis Fans in Two Practice Matches

(BY CABLE-EXCLUSIVE DISPATCH)

ROME, March 29.—Helen Wills made her debut on the Rome tennis courts this afternoon when she played two practice matches before a most fashionable international crowd of Rome tennis enthusiasts. Wearing her lucky cardinal red sweater and famous eyeshade Miss Wills lost a hard-fought match with Signor Servanti, champion of Rome, 7-5. Then Miss Wills with Giorgio De Stefano, Italy's famous ambidextrous player, defeated Countess Gianuzzi and Signor Servanti, 6-4, in mixed doubles.

Miss Wills showed her lack of practice—it was the first time she touched a racket in more than a week.

Mrs. Fletcher, wife of the American Ambassador, headed the list of society notables wildly applauding Miss Wills. Helen was far from form, but she thrilled the Rome sport lovers with her great forehand and backhand drives, which whizzed over the net faster than any stroke of any woman in the world.

## BALL FANS TO SET RECORD

Anticipate Largest Local Gathering of Addicts to Baseball at Coast League Opening

BY ROBERT RAY

Some 15,000 fans having been drawn out to Wrigley Field last Sunday to watch the Pittsburgh Pirates and the Angels engage in an exhibition tilt, Seraph officials are now expecting a record-breaking crowd next week when the Cherubs entertain Ivan Howard's Oaks in the Pacific Coast League opener. The largest crowd ever to attend an opening game in Los Angeles was on hand in 1916 when 14,733 turned out to watch the Angels and Tigers get off in the pennant chase, but that mark seems doomed if the way the interest the fans are showing in the exhibition games can be taken as a criterion.

The largest crowd that ever witnessed a game in Los Angeles was present at Washington Park on the last day of the 1919 season when 21,000 jammed into the confines of the rickety old structure to watch the Tigers defeat the Angels in the game that decided the championship. That, though, was an attraction—like the weather—unusual to have the two home teams deciding which was to win the pennant on the final day of the season. However, there are many who believe this figure will also be exceeded this year, perhaps not on the opening day but some one of the 200-odd contests billed for Wrigley Field, for who ever heard of 15,000 turning out for an exhibition game.

## TUNNEY SIGNS WITH RICKARD

Agrees to Fight Any Boxer Selected by Tex

Can't Scrap at All Without Promoter's Sanction

Battle With Harry Wills Newest Prospect

(EXCLUSIVE DISPATCH)

NEW YORK, March 29.—Gegged Tunney and his manager, Billy Gleason, today signed with Tex Rickard and a contrivance under the terrace of which the marine must fight any opponent selected by the promoter within the next year and cannot fight anyone at will without the sanction of Rickard.

Neither Rickard nor Gleason seem to have any particular interest in Tunney's championship match this summer, both with Willie Strickling, count-out of the question because his father-manager is demanding \$75,000 to have the Georgian meet a Tunney-Wills battle, which Tunney himself is the most likely product of the contract.

After signing the paper, Tunney, who startled the literary world by reading two feet eight inches of the five-foot shelf of books, including prefaces and annotations, in two weeks flat, against time, proceeded to knock out Dempsey, Wills and Strickling, the noted addict of education, in an hour's conversation at the downtown salon of his manager.

It is understood from Tunney's remarks that there may possibly be a Dempsey-Tunney fight, in the distant offing, under the auspices of Rickard and probably in New Jersey, but since there is no evidence that any fight involving Dempsey has been contracted for, apparently this bout is still in the conversational stage, in which Tunney seems invincible.

## STAR FEELS HE CAN BUST MARK

Showing at Stanford Saturday Encourages Runner

Appears in Exhibition Race Here This Week

Pinney and Buckman to Run Against Champ

(BY BRAVEN DYER)

The world's record for the 100-yard dash will be smashed to smithereens this year and Charles W. Padlock is going to do it. If any of our readers are in doubt we refer them to Mr. Padlock's statement. Just to prove that he's not feeling about getting into the best shape possible for a crack at the world's record, Charles is going to run an exhibition as a feature of the annual southern conference meet at the Coliseum Saturday afternoon. Listen to what Charles has to say for himself on this matter of mauling the existing mark:

"In years gone by I have generally been able to run about 10s. But at the start of the season, by dint of training throughout the ensuing months I have cut that time to 9.8s. at the close of the year. Some seasons it has been my good luck to do 9.8s. at the very start and before the curtain was rung down I was able to cut that to 9.8s.

"Last Saturday I ran my first race of the year and was clocked in 9.6s. That's as good as I have done at the close of any year. This leads me to believe that with plenty of training and a race or two every Saturday I can actually lower the world's record before the season passes. To that end I'm going to run every week, if I can, and am therefore glad of the chance to appear in the conference meet this Saturday."

Boyd Comstock and Owen Hild, Los Angeles Athletic Club coaches, feel just about as Padlock does about the matter. Both are strong for the psychological approach to athletics and think that as much as Padlock believes he can do, he should believe he can do it.

## MARKRIDGE ACE IN FINE FORM

Markridge Club Open for Practice This Week  
and Forsythe Collect San Gabriel Prizes  
at Girard Club

## BY BILL WISE

Markridge of Parkridge slipped down the ladder with a 73 to win low score prize in the professional tournament at Jack Tar.

Markridge of California was in the pro event with 74. He was the guest of Girard club prize with 75. Bob Dyer, one of the local big names, cracked the opening hole wide open with a 76. He was second.

California course will be open this week for entry in the Southern California City course. Tomorrow, Tom Dyer, who has his home course in the city, will be in the amateur event.

## AND FORSYTHE

W. Cook and Vic Forsythe who sold in the four-ball best event at San Gabriel over the local Relio Wescott and C. D. Dyer were second. L. H. Dyer, who finished one stroke behind Cook in the medal event, was in the four-ball event with a gross 77. Mrs. A. Laubersheimer, who won a silver vase as first prize in the special event for San Gabriel women, Friday, Mrs. C. Dunbar, 90-18-72, and C. V. Beckman, 86-14-72, tied for second prize.

## CORNES COPS AT LAKESIDE

George Cornes defeated Neal Burns, 1 up, yesterday in the feature semifinals match of the first annual spring handicap tournament at the Lakeside club. Burns, out in 38, was home in 39 for a 77, while Cornes required one shot more. Fourteen holes were halved. Burns won two and Cornes three in the overtime clash. Cornes will now play F. H. Beckman for the tournament trophy. Sixty-four players qualified for the event nearly two months ago.

## FOUR PRIZE TIES AT BRENTWOOD

Dan R. Brown and A. A. Laan finished 3 down to tie for Class A honors in the weekly match play against par at Wee Willie Hunter's Brentwood club. Guy Philbrook, caddy master, and Jack Stone, assistant pro, in charge of the event, also recorded a tie for second place between D. B. Rooney and Arthur Denio, who were both 4 down.

## MOORE STARS AT GIRARD COURSE

L. H. Moore, with a fine 81, won low gross trophy in the Heilman Banks tournament at Girard's Ventura Boulevard course, Saturday. More than sixty entrants, familiar with the course and finished after W. O. Kerry, who was home play an 84 for second trophy low gross. F. H. Gay sprang the surprise of the inter-financial play by winning the blind bogey feature with a net 76.

## SERRANOS GOLF TOMORROW

Scores of Local Golfers Included in Field Ready to Start Qualifying in 36-Hole Tourney

Los Serranos Country Club will hold its first annual 36-hole medal score invitational tournament this week-end, starting with the eighteen-hole qualifying rounds on Wednesday and Thursday and the eighteen-hole final play-off on Friday and Saturday, the low thirty-five players in each of the three classes competing in the finals.

The Los Serranos course, which affords plenty of excitement even for the intrepid golfer, has been put into fine shape for this event by Cy Johnston, who has secured the services of A. H. Painter as starter.

Entrants may play their qualifying round on either Wednesday or Thursday and may also elect to play his final round on either Friday or Saturday. This convenience will prove helpful to the big number of golf enthusiasts who plan to enter this tourney.

The classes are as follows: Class "A" for players with scratch to 5 handicap rating. Class "B" 7 to 15. Class "C" 12 to 18.

Prizes for the two low-gross and two low-net scores in each class are offered as well as special prizes for play on each of the four days. The collection of trophies is now on exhibition in the windows of Dyer & Co. Entries may be made either direct to the club at Chico or by addressing the Los Angeles office, 501 Commercial Exchange Building. The Los Serranos Country Club is located two miles south of Chico on the Corona highway. It is about eight miles from Pomona, or Ontario and an hour and a half ride from Los Angeles.

## FINE FIELD AT OAKMONT CLUB

Gilbert Eckles and Mrs. J. S. Thompson, with 90-17-78, won first prize in the two-ball mixed foursome tourney for Oakmont members Sunday. Dan Green and Mrs. M. M. McManus, with 92-23-76, tied with George K. Thompson and Mrs. C. U. Heiser, 106-30-76, for second honors. More than twenty couples played in the medley event. Mr. and Mrs. C. B. Andrews were third, 102-25-77.

## Four Squads in Battle for Women Stars to Score Well in Feminine Tourney

City League High School track teams will take a rest over the week-end in preparation for the final two weeks of the season. On Friday, April 9, the final dual meets of the season will be staged at the Hollywood and Manual Art buildings as the main attraction. On the following Saturday afternoon, April 17, the city meet is scheduled to be run off at the Coliseum.

Los Angeles and Lincoln are the only two undefeated squads in the loop, although the Hall-Splitters would probably be easy victims for Poly, Hollywood, Manual Arts, who have all been defeated once this season. The Romans rate as the strongest school, with Hollywood and Poly not far behind.

The city meet this year promises to be the most thrilling, hard fought and close trackfest of the year. Unlike a dual meet, a team which has three firsts with several good men to place will place well up in the city meet. Hollywood, Manual Arts, Poly and Los Angeles all have a good chance to cop.

At present Hollywood and Los Angeles seem to have a slight edge. The Crimson squad is sure of two first in the hurdles with Jimmy Neekes at his best. Cliff Gantt of Poly is the only 440 man capable of pushing Ritchey, Storms looks good for a place in the half-mile, while Johnson, Hall and Bryant look good for places in the sprints. Kuhlman in the high jump and Bruce Hamilton in the pole vault should furnish a point or two. Besides that Hollywood has the eight-man-mile relay practically cinched.

## Palais Winner of Ice Hockey Titular Series

The Palais de Glace ice hockey team wins the title in the local league in spite of the fact that last night they lost the final game of the titular series to the Culver City sextet by a score of 6 to 3.

The first period last night saw the losers in the lead with 3 goals to their opponents none. In the first two minutes of the second period Leo Cook took a pass from Shaver and scored to tie the count at two all. Two more times the winners put the puck in the cage this period to lead 4 to 3.

Palais was scoreless in the closing period. Culver scored twice more to total six goals, one short of a tie for the title. Goals were scored by Leo Cook, Lloyd Cook, 2, Oakley 2, Heric, Irving 2, and Newell; the latter two for the losers.

# CHUCKLES from LIFE

The old office clock takes a day off and watches the clock watchers.

**Questions in Domestic Science**

WHAT is the broom-straw method of testing a cake? What do you do if you have a vacuum cleaner? Name the nuts of the temperance. What is a (1) level teaspoonful? (2) heaping teaspoonful? (3) heaping knife? The eating is the proof of the pudding. What is indigestion?

Deadmons: "Aren't you going to take me to the movies this evening, Othello, dear?" Othello, gloomily (reaching for the pillow): "No, a mother time."

"Is this your most concentrated perfume?" "Positively, madam." "Then I'll take an ounce, on the strength of it."

**His Specification**

Architect: "Now if you'll give me a general idea of the kind of house you need..."

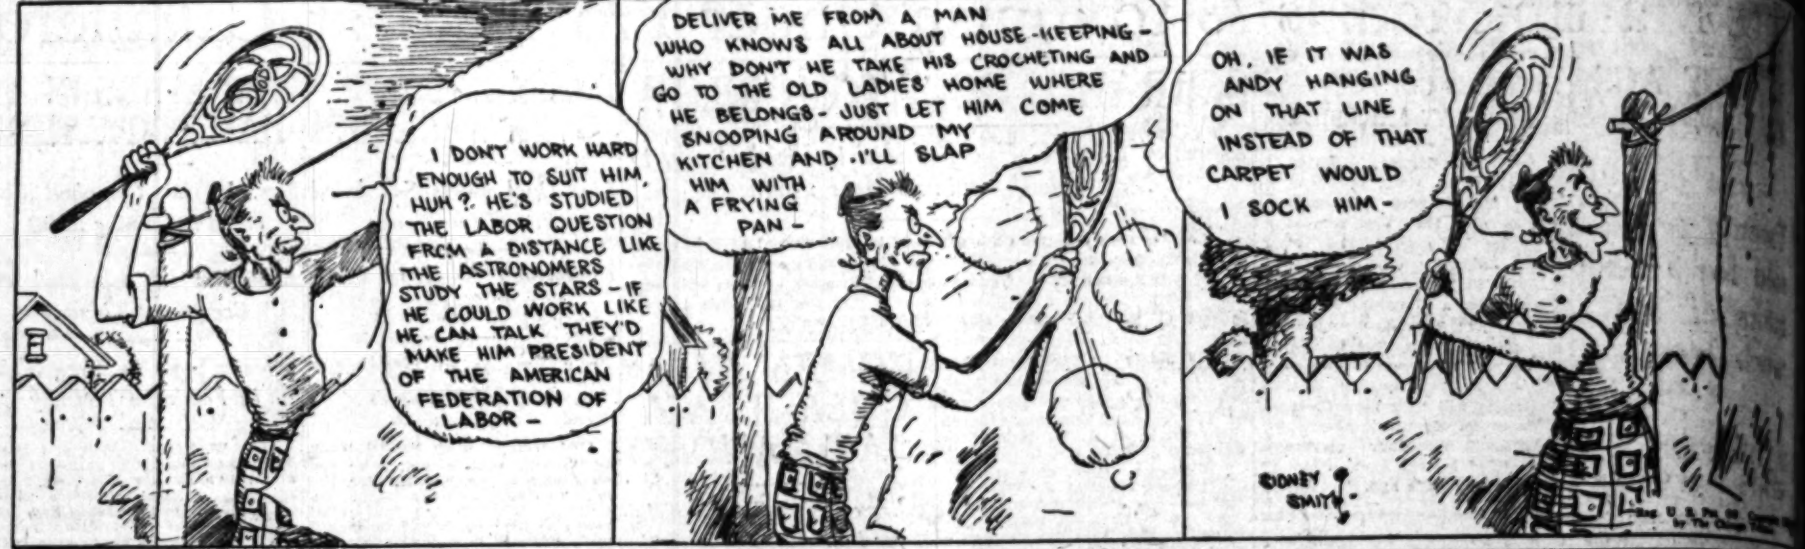

Client: "I want you to fix me up something to go with a door-knocker my wife brought home from Boston."

**Dull Domesticity**

Very modern young husband: "Let's stay home tonight, love." V.M.T. wife: "I'd like to, dear, but we must be careful not to let ourselves stagnate. We stayed home one night last month and two the month before."

The perfect radio slogan: "So far and yet so near."

## DENY GRANT ON MAGDALENA BAY

American Owners Contradict Japanese Rumor

Declare Vast Area Has Not Changed Hands

Senators Ask Investigation of Concession Report

(BY CABLE-EXCLUSIVE DISPATCH) MEXICO CITY, March 29.—An official bulletin from the Ministry of Public Development and Agriculture tonight denies that any concession has been granted to Japanese interests in any part of Lower California. The bulletin adds that Delbert J. Hall, an American, at present holds a large concession around Magdalena Bay, which was granted him during the Diaz administration. It cannot be transferred without the government's sanction.

(BY CABLE-EXCLUSIVE DISPATCH) MEXICO CITY, March 29.—One of the two American owners of 2,000,000 acres of land, comprising Magdalena Bay, commenting today on New York reports of a grant to a Japanese syndicate of a strip of land in Lower California 100 miles long by forty wide, stated that no concession has been granted to Japanese on their land or in the vicinity, nor have any negotiations been opened or conducted with Japanese.

This statement throws cold water on a sensational story published here that Japanese interests had acquired control of the treasured Magdalena Bay which for years has been eyed by naval experts the world over as an ideal natural fortified harbor.

The owner of the property was unable to state whether the concession reported granted to the Japanese referred to land north or south of Magdalena, but no change has taken place of ownership of land immediately around the bay. Excepting for a strip five kilometers wide, all the land comprising Magdalena has been owned by two Americans for thirty years. The five-kilometer strip is the property of the Mexican nation.

SENATE ASKED TO INVESTIGATE RUMOR

(BY A. P. WIRE) WASHINGTON, March 29.—Machinery of the Federal government was set in motion today to ascertain the facts regarding reports that a grant of 2,000,000 acres of land on Magdalena Bay, Lower California, has been made to a Mexican-Japanese syndicate by the Mexican government.

Simultaneously, Don Manuel C. Teles, the Mexican Ambassador, declared that any report that his government had made a land grant concession to a Japanese syndicate was "perfectly absurd." He added that reports of similar grants in the past had been found upon investigation to be without foundation. Japanese embassy officials later said they had no information on the subject.

The first move for an investigation was made in the Senate at the

request of Senator Johnson, Republican, California. He asked for an early meeting of the Foreign Relations Committee and it was promised by Chairman Borah, who later dispatched telegrams to several points in California in an effort to obtain leads on which the committee might work.

Previously Senator Borah had sought information from the State Department, but was informed that it was without official advice. The subject was discussed among department officials during the day and Ambassador Sheffield at Mexico City probably will be asked to make informal inquiries at the Mexican Foreign Office.

Ambassador Teles's statement was made after he had visited Secretary Kellogg at the State Department, but there was no indication whether the land grant had been discussed.

EXPLICIT TERMS OF CONCESSION DEFINED

(BY A. P. WIRE) SAN DIEGO, March 29.—Explicit definition of the terms of the 2,000,000-acre concession around and to the north of Magdalena Bay which he has obtained from the Mexican government was made today by Col. A. R. Vasquez, through his representative, Roberto Farfan of this city. At the same time, Col. Vasquez explained that negotiations with a Japanese syndicate for the exploitation of the concession had been completed, but that final agreements had not been signed.

Col. Vasquez said today that the syndicate, represented in the United States by Dr. K. O. Osawa of San Pedro, has agreed to operate the concession with a backing of \$2,000,000 which may be increased to \$5,000,000 if the exploitation demands it.

The Japanese agree to paying 10 per cent royalties as against a high bid of 6 per cent by American promoters. Despite the Japanese offer, Col. Vasquez is eager to turn his concession over to American interests, he said.

Keyes Vuelve a la Ciudad.

El fiscal Keyes y Harold L. Davis, su primer teniente en el ramo de homicidios, llegaron a Los Angeles ayer tarde, después de largo viaje por las ciudades del Este, y mucha publicidad originada por la denuncia de la solución del misterio del asesinato de William Desmond Taylor.

Toda una tropa de reporteros y fotógrafos de la prensa, estuvo a esperar a los dos funcionarios a su llegada a la estación central, y oyó el tictac de las cámaras y el ruido del manubrio de las de cine; pero nada nuevo ha granado el sumario de la investigación del referido crimen. El señor Keyes, tras algunos comentarios entusiásticos sobre datos por él recogidos en el Este, relacionados con procedimientos de oficina, distribuyó copias de una declaración publicada en el número de ayer mañana de "The Times," y hecha por el propio señor Keyes en el tren a redactoras del citado periódico.

El teniente fiscal Fitts y el jefe de detectives Cohn, que se reunieron con su jefe en Las Vegas (Nevada), y Riverdale, respectivamente, venían con los viajeros. La señora Keyes y la señora Davis, así como el bebé de esta última.

## Important News for you today!

THIS ANNOUNCEMENT  
WE MAKE STRONG, UNUSUAL AND TIMELY

It is stated in plain, simple language—in terms that cannot be misunderstood or misconstrued. Briefly, we offer you any man's regular \$85 and \$60 VALUE made to your individual order AT OUR PRICE, \$35.

There are no restrictions stated, no equivocations—no "cute" little technicalities by which we can escape the issue in any way.

Could anything be more idiotic, more puerile and suicidal, than for us to make such an announcement UNLESS WE STAND READY TO BACK IT UP BY ACTUAL PERFORMANCE? Is it reasonable to suppose for a moment that we would endanger a reputation which has cost us fifteen years in time and thousands of dollars in money—that we would invite ridicule to displace the high respect which we have so zealously won? NOT MUCH.

No man of ordinary intelligence can help but realize that it is up to us to absolutely MAKE GOOD—or close our doors.

We cannot win modern applause with ancient methods, nor expect to get out of any undertaking more than we put into it. Excellence in any direction consists in applying the genius of the ages to the task of the day. But every step onward must be visualized before it is enacted. We never get anywhere unless we start.

We are, without a doubt, producing the best clothes that any man can make for any money; you can't find any other clothes at the same prices that are in their class, and you can't get as good clothes at many places NO MATTER HOW MUCH YOU PAY. These are plain, unvarnished facts and should be of interest to YOU.

We guarantee a faultless fit, and we accept your order with the distinct understanding that if the suit or overcoat does not fit to your entire satisfaction you do not have to accept it, and it will not cost you a cent. Once we make a suit for you, you will always be our customer. Other dealers will not be able to get your trade if they give you the clothes for nothing. Bear in mind you always deal with one of the partners when you come into this institution. Every time you come into the shop you will find one of the proprietors right on the job—and we are RESPONSIBLE. You always deal with one of us. From the time the shop opens in the morning until its doors close at night you will always find us here; we are never away. We never turn you over to assistants—we give you personal and individual attention. If you have never been satisfied before you are the man we are looking for.

## WE CHALLENGE THEM ALL on OUTSTANDING VALUES TODAY SEE the WORLD'S GREATEST Assortment of QUALITY WOOLENS

Ever shown in Los Angeles at our price. THEY'RE NOT JUST VALUE ON PAPER, but genuine \$60 quality. A quality that is worth \$60 the way we tailor them. Not since 1915 have you seen any such QUALITY UNDER \$60.

## Value Unequalled in Los Angeles POSITIVELY AT OUR PRICE— DON'T TAKE OUR WORD

Call and convince yourself. Seeing and knowing is always believing. If you want to know the true facts, come in and make your inspection. You will be welcome at any time. All garments tailored in our own shop with the best of findings. And made for you in three days if you want it.

WHEN YOU SEE THESE QUALITY WOOLENS YOU'RE GOING TO WANT MORE THAN ONE SUIT.

We Are Proud to Say  
That we have the patronage of discriminating men of this city simply and wholly because we made an intelligent effort to do better. It. We made it our task to secure only wooleens of the highest class.

Very Exclusive Patterns  
Choice weaves, such as are shown in the shops on Fifth avenue, New York, and Chestnut street, Philadelphia, by custom tailors who exact extremely high prices for suits or overcoats.

ONE HUNDRED and FORTY-TWO clean-cut young men of character, for 142 responsible, profitable out-door jobs---new, increased wage scale. Read the conditions below. If you can qualify, see W. B. Cleves, Employment Manager Yellow Cab Co., 1422 Crown Hill Ave., AT ONCE.

## Yellow Cab's pledge to Los Angeles

We, the new management of the Yellow Cab Co., hereby pledge our unstinting efforts to place upon the streets of Los Angeles the finest Taxicab Service in the United States. As our first measure, in order to attract the very highest type of drivers, we announce, beginning April 1st, a new, increased wage scale. Upon the zeal, skill, care and courtesy of our drivers we shall

confidently build our volume, to the end that Yellow Cab, which now operates nearly 90% of all metered cabs in the city, will be able to give Los Angeles as low a rate as is enjoyed by any city in the country.

## "Fifty-fifty"—What we offer to our men and what we expect from them in return

### What We Give:

Good pay to start—\$21 per week, with generous commission; good men earn \$200 per month.

Congenial, interesting out-door employment.

Twenty per cent of the company's profits distributed among employees every three months as extra bonus for loyal service.

Pay day every two weeks.

A big, growing profession; we give thorough schooling.

Increased commissions to men with best records.

Insurance, medical and benevolent society benefits.

Remember, we will not be satisfied with men who are themselves satisfied to earn only the \$21 per week guarantee. We WANT men who are eager to DOUBLE that income, and to such men we offer EXTRA REWARDS.

### What We Demand:

Men must be at least 25 years old—clean-cut, reliable, neat, of good habits—able to drive car properly—sound, mentally and physically—must pass physical examination—must have resided at least one year in Los Angeles—must be able to obtain a working knowledge of main thoroughfares, clubs and theatres within two weeks—men of family and men buying homes will be given first preference.

We discharge men at once for discourtesy, dishonesty or drinking. Once fired, never re-hired.

We do not want men who will be satisfied with the \$21 per week guarantee. We WANT men who are eager to DOUBLE that income.

**OIL NEWS**

**BY ROBERT J. FRITCHARD**

The Associated Oil Company's Loyd No. 101, the most significant well completed in the Ventura Avenue field at Ventura since its discovery, is producing at the rate of 1500 barrels per day, with a gas production of 750,000 cubic feet per day, according to official reports.

This well extends the producing area of the field one mile to the east, and adds probably 400 acres to the proven territory, all of this acreage being held by the Associated Oil Company under lease from Ralph Lloyd.

High pressure, which is a characteristic of deep wells in the Ventura Avenue field, is an important factor in the Loyd No. 101, which is flowing practically barefooted, without liner or oil string, through a string of two and one-half-inch drill pipe, from a depth of 5083 feet. Bottom of the hole is at about 5200 feet.

The Jergins municipal property is located in one of the most productive parts of the old Signal Hill field and is bounded by Orange Avenue, California Avenue, Thirty-first street and Arroyo Street. The city of Long Beach is said to derive an annual revenue of approximately \$1,000,000 from these wells.

**Gasser Still Rages**

The Wilbur-McAlpine-Craig No. 2 well, which blew out in the Los Cerritos district last Thursday and started the fire which raged in that area for a day, is still burning. Oil and gas at an unabated rate. Several efforts to control the outflow have been made but have not been successful. It is understood that the possibility of dynamiting the well is under consideration to remove the fire menace which it creates. A spark caused by friction might cause another blow similar to the one of last Thursday.

One result of last Thursday's conflagration is a movement which has been set foot among Los Cerritos operators to compel the installation of sprinkling systems and other fire protective apparatus in all structures in the field.

**Down 2500 Feet**

Red Rock Oil Company's wildcat well near Mojave is drilling ahead at 2500 feet, according to reports. This is 2700 feet, but tests did not show much in the way of production.

The Trenton Oil Company, which is also drilling a well in the district, is down about 2500 feet without more than slight indications of oil.

**Vickers Well Cemented**

The Associated Oil Company has cemented a string of eight-inch pipe in its Vickers No. 2 well in the Baldwin Hills field, according to field reports. The pipe was landed at 2564 feet.

The Vickers No. 2 is being watched closely by other operators in the neighborhood, because of its location at the corner of the Associated Vickers lease, which would start quite a drilling campaign on the Ruben lease of the Petroleum Securities Company and on the Los Angeles Investment No. 1 property of the Standard Oil Company in the event it gave good production from the deep zone.

**Seven on Pump**

The pump is becoming more and more popular in the Los Cerritos district in the northwest extension of the Signal Hill field. The pumping wells now outnumber the flowing wells by a considerable margin with more wells going on the beam every day.

The latest projects to report to the pump are Delaney No. 24, on Cedar Avenue and Bixby Road, Delaney No. 10, the same neighborhood, Featherstone and Preston No. 9, W. L. Lake No. 1, Transport Oil Company No. 1, Tryon and Brain No. 1 and Julian Petroleum Corporation's Patton well.

**NEW YORK CURB STOCKS**

**BY A. P. MONT WIRE**

NEW YORK, March 29.—Dramatic liquidation, much of it apparently forced, took place in today's curb market, scores of issues being carried down 1 to nearly 30 points to new low records for the year. All classes of stocks were pressed for sale, with little effective buying support apparent except in the banking shares.

Oils were supplied more freely than they have been for some time, net losses of 1 to 3 points were recorded by Humble, Standard Oil of California (new), Standard Oil of Indiana, Vacuum, Carbide and Gulf.

Continental Baking A opened 8 points lower at 65, a new record, but rallied to 72 1/2 and then eased to 72, where it was up 1 1/2 points on the day. The rally followed the publication of an official statement that there was no justification for the recent attack on these shares, and that current earnings were running well above those of a year ago. General Baking A closed 1 1/2 points higher at 73 1/2.

Public utilities, which were through a drastic reaction earlier in the month, were again offered as some of the other speculative groups, with the result that net losses in the popular issues were held to a point or two. Renewed weakness of Electrical Refrigeration, which broke 5 points to a new low at \$3.85, despite reports of record-breaking sales, and then rallied to \$7 1/2, was one of the features of the industrial list. Moderate declines also took place in Glen Alden Coal, Goodyear Tire, Fox Theater A and Foundation Company foreign.

Although the reactions in many curb stocks undoubtedly represented a further correction of an overextended speculation on the long side, it also was apparent that many curb issues were being thrown overboard to supply margin or protect commitments.

To specific issues, the closing price was set back, and the curb market was left in a state of confusion. The closing prices of some of the issues were as follows:

Issue	Price
Am. Baking A	73 1/2
Continental Baking A	72
Standard Oil of California	65
Standard Oil of Indiana	60
Vacuum Oil	55
Carbide & Gulf	50

**Wheat Follows Lead of Stocks in Price Drop**

CHICAGO, March 29.—Wheat prices fell sharply today, following the lead of the stock market. The market was unsettled by reports of a heavy export demand for wheat, which was met by a large supply of wheat from the United States.

The market was also affected by reports of a heavy export demand for wheat, which was met by a large supply of wheat from the United States.
